

COLLOQUIA- ELECTRICAL

INTRODUCTION:

" The beginning of knowledge is the discovery of something we do not understand". A small idea when given the right platform can create wonders in this world. So here we present you an opportunity to manifest your ideas before the esteemed judges and inquisitive audience at one of the most awaited tech fest of east India - colloquia, the powerpoint presentation event of WisseNaire'22. It is one of the greatest platforms that brings together all the talented thinkers around the country to present, discuss and develop their skills. So, what are you waiting for? Grab this opportunity and reserve your seat for a technical evening to express and explore yourself. Let your knowledge unscramble various riddles of technology.

EVENT FORMAT:

Round-1:

- Participants have to mail the PowerPoint presentation files selecting their topic of interest provided in the list of domains.
- Participants should submit their PowerPoint presentation files to competitions.wissenaire@gmail.com with the subject of mail as "Colloquia EE – Registration Id".
- Complete details of all participants, taking part in the presentation, should be mentioned in the submission.
- Specify topic of the presentation as the heading of the submission
- Last date for submission is 20th January, 2022.

Round-2:

On the basis of the submissions we receive, respective teams will be selected, purely based on the 1st round, for the final demonstration. This round will be online mode and will take place in MS teams. A confirmation mail will be sent to the selected teams, to take part in the event during WisseNaire 2022.

WISSENAIRE'22 DOMAINS (FOR REFERENCE):

- Green communication
- LTE, 5G mobile communication
- Virtualization
- Wireless Sensor networks
- Disaster mitigation technology (CSE and EE)
- Big Data (CSE)
- Social networking

- Renewable energy source
- Giga electronics
- Photonics
- Si-doped chips

IIT Bhubaneswar

The Annual Techno Management Fest
WISSENAIRE

- OLEDs (organic light emitting diodes)
- Transparent electronics
- Nanotechnology in electronics
- Single electron transistors (SETs)
- Magneto optic current transformer
- Free space communication

FORMATION RULES:

- Maximum number of participants in the team should not exceed 3.
- No participant can take part in more than one team.
- Each participant should have their respective college ID proof.
- It is not obligatory that the participants forming a team should be from the same college.
