

## **INVSTR**

### **INTRODUCTION**

"Don't look for the needle in the haystack. Just buy the haystack!" — John Bogle

It is quite interesting to see how the stock market graphs change every day. Nothing is constant, we tend to gamble and invest in those shares which have the possibility of giving high returns. This event gives a chance to participants to get a brief idea of stocks and test their knowledge on the behavior of the market, play with the Ups and Downs of the market and show their predicting skills.

### **EVENT FORMAT**

This is an online event conducted on an app called “INVSTR”.

- Participants have to login to the app through the email id given during the registration of this event.
- A league will be created by the organizer and its link will be provided to the participants via registered mail. League details will be provided along with the link.
  - From the bundles provided, tech junkie which consists of 9 markets, must be chosen and then click on ‘pick portfolio’. The 9 stocks get invested and the event begins. All the graphs in this portfolio are taking place in real time.
- Duration of the event is 1 hour. Participant who's profit percentage is more, wins the event.

### **RULES AND REGULATIONS**

- Participants must participate only with the registered email id and make sure that you are present in the league.
- This is an individual event.
- Participants must make sure that initially before picking the portfolio, their amount is 1000,000\$ and profit percentage is 0.00%.
- Participants are not supposed to pick bundles other than Tech Junkie.
- Event organizers will monitor all the investments along with their respective sectors invested by the participants.
- Wissenaire team decision is final.
- Cases of malpractice will result in disqualification.
