HUMANITY

INTRODUCTION:

This event tries to create some awareness about the plight of greedy humanity. Society needs to be changed, as individuals make society its our responsibility to transform into a responsible citizen. So here we present you an opportunity to manifest your ideas before the esteemed judges and inquisitive audience at one of the most awaited tech-fest of east India – HUMANITY the video presentation event of Wissenaire'22. It is a one of the greatest platforms that brings together all the talented thinkers around the country to present, discuss and develop their skills. So, what are you waiting for? Grab this opportunity and reserve your seat for a technical evening to express and explore yourself. And let your knowledge find solutions to advance technology for humanity.

EVENT FORMAT:

Round-1:
• Participants have to create a 2D sketch (either on AutoCAD or similar software or simply drawing on chart paper) of a city that's autonomous or self-governed (no income from outsources), the sketch should contain hospitals, schools, apartments, police station, petrol bunks, roads, power source, food source, shopping malls etc., It's the imaginers choice to choose what kind of soil, natural resources to be there like rivers, sand desert, ground water etc., Given the population is 8000.
• Participants should submit their sketch pdf/.dwg files along with presentation video (explaining their 2D sketch) to competitions.wissenaire@gmail.com with the subject of mail as "HUMANITY – RegistrationId".
• Presentation video should not exceed 10 minutes in duration.
• Complete details of all participants, taking part in the presentation, should be mentioned in the submission.
• Last date for submission is 27th January, 2022.

Round-2:

• It happens during the fest, where you will be asked questions on the design that you have proposed in the video.
• The range of topics to be asked includes business plan and improving the city that you have built, and also some of the humanity-based questions will be asked.
